Subject: Snowy 2.0 Transmission Connection – updated Biodiversity Management Plan

Dear Mr Buttigieg,

I refer to your submission requesting approval of the updated Biodiversity Management Plan (Revision 15 dated 17 October 2025) for the Snowy 2.0 Transmission Connection project (SSI-9717).

I note the Biodiversity Management Plan:

- has been prepared in consultation with National Parks and Wildlife Service (NPWS) and the Conservation Program, Heritage and Regulation group (CPHR);
- contains the information required by the conditions of approval.

The Department has reviewed the document and is satisfied that it meets the requirements of the relevant conditions in the approval (SSI-9717).

You are reminded that if there are any inconsistencies between the Biodiversity Management Plan and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Katie Weekes on (02) 4927 3223 or via email at katie.weekes@dpie.nsw.gov.au.

Yours sincerely
